Re: Outdoor Dining Guidance and Protocols

DATE: June 5, 2020

In anticipation of the June 15th reopening of outdoor dining per Executive Order #150, please review the attached NJDOH protocols and, if applicable, the NJ Division of Alcoholic Beverage Control COVID-19 expansion permit guidelines. This information can be found on the following links:

Please note that the protocol establishes requirements for the physical premises, employee health and safety and for customer management. Prior to the reopening date, you must ensure that all of the required controls, policies and supplies are available and in place.

For establishments without approved outdoor dining areas on their site plan, the township is working to implement a temporary outdoor dining permit process at their work session on June 10, 2020. Please visit the township website: wtmorris.org for updates.

As always, if you have questions Please contact the Health Department at 908.876.3650. Monday through Thursday 8:00am – 4:00pm.
